THE SCHOOL

Welcome to Rennes School of Business, a cosmopolitan school open to the world

STUDENTS AT THE HEART, BUSINESS AT THE CENTRE, WITH INTERNATIONAL DNA

Rennes School of Business was built and has grown thanks to its founding international dimension, making diversity a strength and a source of innovation. With a second campus located in Paris, close to major economic decision-making centres, the school strengthens its ties with the business world and broadens its influence. RSB inspires, educates and transforms today's talents into tomorrow's agile, bold and responsible leaders.

MULTICULTURAL AND INTERNATIONAL: IMMERSION STARTS RIGHT ON CAMPUS!

- Nearly 5,000 students
- Over 100 nationalities on our campuses
- Nearly 100% of classes taught in English

“THINKING OUTSIDE THE BOX” TO UNDERSTAND, LEARN AND ACT DIFFERENTLY

Going beyond established frameworks to adopt a distinctive mindset: that is RSB's Unframed Thinking philosophy. Creative, leading and influential, Unframed Leaders are trained to drive a new way of seeing the world. Create, Connect, Change.

An international school with a cosmopolitan faculty unique in Europe, Rennes School of Business was the first Grande École to welcome, from its very beginning, faculty researchers from all over the world.

02 INTERNATIONAL

A unique multicultural experience to give your career an international boost

AT THE CORE OF OUR DNA

Since it was founded, the Rennes-based school has chosen openness to the world. Through its history, network and international resources, it affirms its pioneering identity and its commitment to serving the region.

DID YOU SAY MULTICULTURALISM?

Welcome to the 100+ nationalities on campus, for a true experience of openness while in France. International students take part in all programmes, student projects and within the incubator.

KEY FIGURES

- Nearly **90%** international faculty
- **330** partner universities on every continent
- **29** Alumni clubs worldwide
- **58%** of RSB graduates work in roles linked to international activity

AND IN PRACTICAL TERMS?

- **One-semester academic exchanges** abroad within our Bachelor, Grande École and Master programmes, with the option to extend the experience up to 18 months at a partner university.
- **Personalised support** to prepare for each departure (university selection, administrative steps, cultural preparation).
- **A network** where one quarter of alumni build their careers internationally.
- **Support** from the student association Well'Come, which welcomes international students on arrival in France - and through 90 annual events led by Alumni clubs worldwide.
- **The passion** of our students, faculty and staff for international openness. Opening to the world to better understand it, draw inspiration to innovate, inspire in return and form friendships for life.

03 TRANSITIONS

Sharpen your critical thinking, rethink existing models and shape a more responsible world

Ethics and social responsibility lie at the foundation of Rennes School of Business. Transition and sustainability issues run through our training and research programmes. Across its campuses, the school is committed to a CSR strategy (Corporate Social Responsibility). In this context, it reports on actions taken - including its first Scope 3 carbon assessment in 2022 - and involves stakeholders through dedicated initiatives throughout the year.

TRANSITIONS AT THE HEART OF OUR PROGRAMMES: HOW DO YOU CONTRIBUTE?

- **Learn:** environmental, social, geopolitical and digital transitions are embedded in all our curricula, with further specialisations available.
- **Put into practice:** hands-on projects with companies and civil-society organisations from day one, for every cohort.
- **Entrepreneurship:** everyone can receive support for their business project via the Innostart incubator.
- **Promote** non-discrimination and inclusion.
- **Research:** Research: conduct research on transitions in partnership with the Centre for Unframed Thinking (CUT), dedicated to transitions.
- **Get involved:** by joining student associations, each with a CSR lead and numerous impact-driven initiatives.

The School's driving role in its region and among stakeholders is recognised by the BSIS label created by the FNEGE* in partnership with the EFMD**.

100%
of programmes integrate contemporary transition challenges into courses and projects co-developed with companies and civil-society actors.
